## MODERATOR'S ANNUAL ADDRESS

White Spring Fla., Oct. 15, 1936

Vice Moderator & Messengers of the annual session of the Suwannee River Progressive Baptist Association of Florida Greeting:

Time in its rapid flight have brought us together in another annual gathering of this grand old union; and as I look in your faces each one seems to say in the language of the angles that announced the birth of Christ, peace on earth and good will to men

Dead brethren, I am sure that you left your homes to come here filled with the Holy spirit to do business for God and for the uplift of fallen humanity, if so we will come up to our representation given us by our brethren of other districts, for they say they admire the spirit of peace and harmony that exist

among us during the year, part of these United State has been hit hard with drought and other parts with floods, even in our own fair State Fla., in the deep South and East Coast lost 35 to 60 per cent of their produce due to the cold and rain, having in our own district prosperity have prevailed, famess of type has made good. Jobs are still being opened, by the Federal and State W. P. A. therefore; we should be thankful to God and manifest it by giving more to the cause of Christ, I wish to call your attention to our Educational work

Our denominational school are very much in need of our financial support especally our school at Live Oak F. M. C. these schools are in deed of our numerical support as parents and christians. We should give our children a religious Education along with a literary Education, and to do this, they should be encouraged to attend our denominational schools for a trianing, any other will leave them without the doctring and principals of the Baptist church. Public schools in Florida, white teachers in these schools are well prepared and mastering their jobs" they do not get a fair salary as compared with the other race especially in the rural district and some of them are teaching in church buildings and other building that is very uncomfortable. The cause for this will be seen in the following, the nations cost of opperation for public schools per pupil is \$54.55, for White \$56 25, for Negroes \$21.02.

Statistic Showes that in one country in Fla. perhaps the largest in population, public school for Whites cost from \$41.29 to \$61.16, an average of \$48 93 per public Negroes cost from \$16.71 to \$25.46 or an average of \$20 88 per pupil.

President L. K. Williams in his annual address said that in our Southern States a county showed less than that Whites \$14.00 against \$2.81 for Negroes.

### NATIONAL CONVENTION

The National Convention held its session this year in Jacksonville, Fla. this was indeed a great meeting from every point of view, it had the largest attendance than any previous session, more money was raised there than any session since the boom. Some of our Ministers and Laymen were there, the next session will be held in Los Angles, Cal.

## STATE CONVENTION

The State Convention held it's session at Live Oak with the First African Baptist Church, Rev. H. W. Wright, Pastor, at this meeting some changes were made in the financial system of the school, all moneys hereafter will be sent to Rev. H. W. Wright, treasurer of the trustee board of F. M. C., the trustee board of F. M. C. is asking each church to send a monthly contribution, said moneys be sent to Rev. H. L. Stephen, Chairman, Lakeland.

## DISTRICT WORK

We are very greatfull to God that we have passed another mile stone in life and death have not visisted our District,

Although some of our leaders have fallen victom to this moaster, Rev. C. T. Tilmon Vice President State Convention.

Our S. S. & B. Y. P. U. under the leadership of Deacons Hunt and Rentz held a great meeting at Jasper, this year much good was done, but there is much more to be done, co-operate with them, Madam Harrison is leading own to victory the womens work with her co-operative workers, they are standing hard by her side. The Minister's and Deacon's Union is making steady progress, although No. 1 seem to be the banner, Rev. Anderson president, No. 2, Rev. Pete President, No. 1, Rev. Poe, President, Dixie county.

The missionary has not covered the entire District this year, but have worked very hard to enlarge the District with some encouragement, I believe he will make a fair showing.

## Constitution

We the Church of Christ who have been regularly baptized upon the profession of faith are convinced from a series of experiences of a necessity of a combination of the churches and of maintaining or Correspondence of preservation of a Federal Union: among the churches in the same faith and order, and as we are convinced that there are baptist churches who differ from us, in faith and practice and it is impossible to have communion where there is no union.

We think it our duty to set forth a concise declaration of our faith as follows:

ARTICLE--3 We believe in the fall of Adam and the imputation of his sin to his posterity in the corruption of the human nature and importance of man to save himself of his own will or ability.
